*-Scrum 101 – Part 1 | Scrum Basics*

## Kathy Taylor

I really appreciated that the videos were recorded in small increments – it's nice to be able to take a 30 minute "training" break everyday and learn something new or learn new perspectives.  
*-Agile Team Videos*

## Goutham Telu

Great overview of the Agile life cycle. Cost, Time and People relationship, Waterfall vs Agile difference, etc., was well explained. Learned vocabulary used in a broad way that meets all domains in the market such as story, sprint and so on.  
*-A Journey Through the Agile Lifecycle*

## Aaron Clyke

I enjoyed the entire series of videos. I really liked the care to show an "authentic" and make it real "team dynamics in action". This is really important for those who have never had the chance to experience an Agile project from beginning to end. Everyone who helped Sally should be nominated for an OSCAR! All the videos are well done but my favorite video, number one by far is the "Dysfunctional Daily Stand-up," Part 21. I'm going to show my kids the video and ask them what they think. Well Done!  
*-Agile Simulation – Part 23 Sprint Retrospective – THE END!*

## Josee Labrecque

Thank you for this video series! It did a great job of demonstrating real life practice of Agile. I had the technical knowledge but was having difficulties envisioning it in daily use. Perfect!  
*-Agile Simulation – Part 23 Sprint Retrospective – THE END!*
